EIKI

Projectors... and more!

The **EIKI** name literally means "projectors" in Japanese. You won't find it on printers, calculators, TV sets or refrigerators, and you won't find it in retail outlets. We do only one thing: we manufacture and market a broad range of projection technology for education, house of worship, government and business communication, and offer it through a network of professionals. And we've been doing that now for 60 years! www.eiki.com

ZeeVee is leading the way in developing video distribution platforms that ensure the highest quality video – on any display device – leveraging existing or new cable infrastructure.
